

Appeal Policy

1.0 Purpose

The aim of this policy is to establish a formal procedure for learners to make an appeal against any learning decision they are affected by and dissatisfied with. It is to devise a mechanism that ensures all appeals are investigated and resolved fairly.

2.0 Aim

- It is the primary responsibility of Regent Institute Middle East (RIME) to ensure that all assessments are evaluated objectively.
- It is the academic team's responsibility to ensure that the assessment decisions are taken consistently and fairly.
- It is advisable for the learners to consult the relevant academic team for guidance on areas of improvement before making an appeal to avoid complaints on unreasonable grounds.
- If any learner believes the results are ambiguous, he / she may appeal for it to be re-evaluated.
- All learners would be made aware of the Appeal Policy on Induction Day.

3.0 Policy statement

- i. The learner can make an appeal within 7 working days of the declaration of results.
- ii. The appeal must be registered and recorded with a unique reference number, which should be shared with the learner.
- iii. The appeal would be reviewed to decide if it is valid.
- iv. If the outcome of the review suggests that the appeal is invalid, the learner would be informed within 3 working days.
- v. If the appeal is considered valid, the facts would be thoroughly investigated by a member of staff who is not involved in the matter.
- vi. If the investigation reveals that the validity of overall results or the integrity of the qualification has been compromised, appropriate action must be taken to secure the interests of all learners.
- vii. The final decision of a valid appeal would be communicated to the learner in 10 working days from the appeal date.
- viii. If the learner is not satisfied with the outcome, he / she has the right to lodge a complaint with further avenues.
